

MSE receives recognition into Recharger Magazine Hall of Fame

Van Nuys, California – Avi and Yoel Wazana, owners of Micro Solutions Enterprises (MSE) have been inducted into the Recharger Magazine Hall of Fame as an Industry Founding Father.

The Hall of Fame recognizes those industry members who have “built their businesses into industry powerhouses, which then create a positive image of the industry through leadership and/or example.” MSE was inducted at the inaugural ceremony as part of the annual Readers Choice Awards celebration on August 19, 2008.

“We would like to thank our employees, customers and vendors for their support over the years. Without them, we could have never come this far. We are honored to accept this prestigious award.” said Avi Wazana, CEO. “This award exemplifies our relentless commitment to our industry and again, we are proud to receive it. Thank you to everyone.”

“Choosing this initial group took a great deal of thought on our part, and we have a group that well represents the best this industry has to offer, from quality contributions to legislative work.” said Adam Schaffer, Recharger Group Publisher. “While each inductee has contributed mightily in a number of areas, it is in the Recharger Magazine Hall of Fame that we can honor them in a category in which they excel to the highest levels.”
