

MSE Releases MPS Engineered™ 10,000 Page Cartridge for The 53x (P2015) Family

VAN NUYS, CA - Micro Solutions Enterprises (MSE), the industry leader for Intelligently Re-Engineered™ cartridges, releases “MPS Engineered” 10,000 page cartridge for the 53x (P2015) family. MSE continues to add to its market leading line of extended life cartridges under its “MPS Engineered” sub brand.

Luke Goldberg, SVP MSE Global says of the new release, “We have introduced 7 new extended life cartridges to the market in the last 60 days with the goal of providing the highest quality product to our MPS dealers, all with very aggressive CPPs. Under the new banner of “MPS engineered” our dealers will know that these cartridges have been subjected to the market’s most rigorous testing protocols to ensure quality, reliability, and consistency.”

As always “MPS Engineered” cartridges deploy multiple proprietary or patented technologies, are exhaustively tested and proven out, and are guaranteed to provide quality prints from the first page out until the end of life.

MSE is the largest USA based remanufacturer and is acclaimed as one of the leading edge innovators in the marketplace. MSE has pioneered the process of “Intelligent Re-Engineering” as applied to remanufactured printer consumables which is a protocol that employs patented technologies, proprietary processes, and stringent testing methodologies all with the goal of providing the market’s best alternative to high cost OEM print consumables. MSE has multiple certifications and accreditations including ISO 9001 and 14001. Coupled with our engineering prowess MSE also prides itself on offering the highest levels of after sales support to its dealers through its consultative sales and marketing programs. MSE is a global entity with sales and distribution in Canada, Europe (UK and the Netherlands), Israel, Brazil, California, and Pennsylvania.
